

RESTRICT Act [~] 03/30/2023

Introduction /

RESTRICT Act

[<https://www.msn.com/en-us/news/technology/new-restrict-act-could-mean-20-years-in-prison-for-using-a-vpn-to-access-banned-apps/ar-AA19exSd>]

We don't live in a [communist country].
Nah, not at all.

We Live In A Democracy /

Because... we live in a [democracy].
And THAT means, [*everyone's voice matters*].

[Unless] you [do something] to [piss off certain people] who are [in] a [position] of [authority],
and they [just so happen] to be [really careless] and [stupid]...?
...[THEN], it isn't a [fully qualified democracy].

Nah, cause at that point, you'll begin to see the cracks where people's logic begins to break down.

So, [until] you [do something] that [pisses] them off...?
Then, you [won't] really [understand] how [our country] appears to be [virtually identical]
to a [communist state] or a [monarchy].

[After] that point, however...?
Then you will see it [pretty fucking clearly].

Here's a little [skit] that [demonstrates] their [thought processes]...

What the government thinks /

[Government]: If you even think about using a [VPN] to access [banned applications]...?
Then, [you] will be [sent to prison] for [(20) fucking years].

No [if]'s, [and]'s, or [but]'s...
If that sounds fuckin' stupid...?
It just means that YOU'RE fuckin' stupid.
[We're the people in charge].

If [you] don't [trust us], that's too bad because [we don't give a shit].
It's really not [required] for people to [trust us], either.

[You have to trust us whether you like it or not].

The truth is, they're [spying] on [us]...
And, we have [absolutely zero tolerance] for [other countries spying] on [Americans].
We have a [100 percent tolerance] for [our own country spying] on [Americans], because
[they pay us] to [fulfil their agenda]. [Sometimes].

Not [always]...?
But- [most of the time], to nearly [all of the time],
that is what we do, in the [United States government].

If you think that is rather [communist] or [totalitarian], that's just your fuckin' opinion, chum.
[Kick rocks].

By the way, make sure you [get out] and [vote] in the [next election].
Even though it doesn't really matter who you vote for, anyway...?
We [continue] to [allow people] to [go out] and [vote], as a [distraction].

[Buy gasoline].
[Global warming doesn't exist].
Bye.

-----/ What the government thinks
\-----
Actions Speak Louder Than Words /-----
/-----\

Yeah so, that's probably a rather [bleak outlook] on the [people in charge], right...?
They would never ever [say] something THAT [audacious], but- [that is irrelevant].

[Their actions consistently DO say those things and override their senseless fucking words].
Ya know...?
[Actions speak louder than words]...?
[Actions speak louder than words]...

Anyway, it isn't until [after] you have [pissed them off] for [whatever reason], that they
will fucking [make up whatever bullshit they feel like], to [get people] in [trouble] for
[things they didn't do].

It's not a consistent case where they'll do this, because if it looks really fucking
obvious to people who are paying attention, then, people with [rifles] and [handcuffs]
are likely to start kicking in doors and [arresting police officers] and [politicians]...

So, they have to keep a rather [low profile].

Realistically, even if you [legally express yourself] and use your [constitutional liberties]
and [freedoms]...? They have [all the right people] in [all the right places], to [mislabel]
people who are [aware] of their [constitutional liberties], [freedoms], and [rights].

As for [some] of the [people in charge], their [actions] consistently prove that our
[constitutional liberties], [freedoms] and [rights] are [very imaginary] if you're [indignant].

Which means that they have a system in place that [incriminates people] that have [no money],
[even if they have done nothing criminal] at all, AND, they have [EVIDENCE] of their [innocence].

When you have [no money], the [constitutional liberties] and [freedoms] that [every American]
supposedly has, are there as a [decoration].

-----/ Actions Speak Louder Than Words
\-----
The Constitution's Just A Decoration /-----
/-----\

[Decorations] like, the things you put on a [Christmas tree], or like whatever.

[Government] : You have constitutional liberties and freedoms.
[Me] : (20) fucking years in [prison] for using a [VPN] to access a [banned app]...?
[Government] : Yeah, we have [zero tolerance] for [spies] n' shit.
[Me] : [You people spy on Americans all the time] with [Prism], [Pegasus/Phantom],
[USA-PATRIOT Act], [ThinThread], the [Terrorist Surveillance Program], the
[President's Surveillance Program], among hundreds to thousands of others.
Like what the fuck...?
[Government] : [We] can [legally do that], though.
[Me] : Nah, ya see, [some of you people] are [fuckin' stupid].

[Constitutional liberties] and [freedoms] are basically [Christmas tree decorations].
They're [fake].

They don't exist.

-----/ The Constitution's Just A Decoration
-----/ Mass Shootings /-----

I mean, they sure as hell tell us on a daily basis that our [rights] and [freedoms] matter and stuff, right...?

But when their [actions consistently prove otherwise], and...
...they fucking suck ass at stopping people like:

Allow me to phrase things like this...

Maybe [some] of the things I mentioned [earlier] in this [document] are [a bit excessive].
However, uh- (20) years for using a [VPN] to access [blocked apps]...?

That sounds fucking [excessive] too.
You know what also sounds fucking [excessive]...?
The [laziness factor] of [a lot of people] that [aren't paying attention] to shit like
these [mass shootings].

I'm particularly referring to [Dr. Glosman], [Dr. Gurbek], [Dr. Loeber],
[Susan McDermott], among various other entities at [Saratoga County].

Some of you people are [fuckin' lazy], [careless], and [ignorant].

If the [doctors] I [just rattled off] weren't too busy [fast-tracking] [inaccurate] and
[misleading diagnosis], whereby committing [medical fraud], then they would have [all]
the [time] in the [world] to [accurately diagnose people]...
...like the [perpetrators] I [rattled off]...
...[BEFORE] these [untimely events occur].

That would be a [great way] to go about being a [psychiatrist] that isn't a [lazy fuck].
[Stop committing medical fraud] and [jumping] to [conclusions]...
...[start being more proactive] in the [needs] of the [community] and [people in general].

Like, [thoroughly reviewing the following exhibits]:

10/04/22 God Mode Cursor (Someone remotely accessing computer)	https://youtu.be/dU_5rdVkcD8
09/26/22 God Mode Cursor (someone remotely accessing computer)	https://youtu.be/tW80Zj_H6Fw
02/15/22 A Matter of National Security	https://youtu.be/e4VnZ0biez8

[Ignoring] people like [me], isn't being [proactive] at all...
...it's just you, being [fucking lazy] and [ignorant].

It probably sounds [excessive], the number of times that I'm saying stuff like "*you people
are fuckin' lazy fucks*". Well, check it out.

When people like YOU [fail] to [do your jobs properly], what winds up happening, is that someone
with a lot less [self-control], [they're gonna go shoot up a bunch of people].

Why...? Cause you people are [fuckin' stupid], that's why.

A number of people who work for [Saratoga County], *cough* [Michael Depresso],
cough [Paul Pelagalli]... you people should pay more attention to the very key critical
details that I keep talking about.

For instance: [corruption in the government].

These things are [fucking excessive].

[All of those events I just rattled off], are [happening] because [people] like [YOU],
are all [very casually obtuse], and you [care more about your reputation], than
[taking accountability for lapses in judgement], as well as [various levels of oversight].

Those [(3) videos] should [clearly indicate] that I'm not fuckin' [delusional].
You're just [wicked lazy] and that's really, [the best explanation].

Each of those videos right there [directly contradict] all of your [PhD]'s.

Allow me to drop one more link...

/ Conclusion /

Yeh. There's a [fair amount] of [egregiousness] and [laziness] going on, and I think that
[throwing people in prison or jail] for [(20) years] for using a [VPN] to access [blocked apps],
that's [fuckin' extremely excessive].

So is taking [custody] of [my children] from me.

So is [ignoring] a [murder attempt] on [05/26/20].

So is [ignoring] the [audio recording] that I told [Cameron Missenis] and [Sgt. Bosco] about
in the [body camera footage] from the [illegal arrest that they made] on [06/28/22].

So is [sending me to (2) quacks] that didn't really care how much [evidence] I have on hand.

[Some of you people are fuckin' stupid].
