0	MCCS	00:00:00	Audio log [Monday], [April 17th, 2023]. [Michael Cook] speaking, it is currently [11:05pm].
---	------	----------	--

I'm making this audio recording to talk about the uh court appearance on [April 19th], that uh- it's comin' up quick.

And the reason why I wanna talk about it is because, I have [strong objections] to the [entire process] at the [court], since uh- [June 28th, 2022].

Right, and so, my [strong objections], they [indicate] that I can have an [audio recording] that [directly contradicts my mother's statement], and [the police don't care about that], the [lawyers don't care about that].  
The [judge doesn't care about that].

Nah, if anything- including the uh- [psychiatrists] that the-  
The [judge] ordered me to go see...?  
[Dr. Gurbek] and [Dr. Glosman]...?

They don't care about the [audio recording], and how it [incriminates my mother].

1	MCCS	00:01:17	Right...?
---	------	----------	-----------

What it does, is it [proves that I'm innocent] because uh- [half of the things] that my [mother] stated in her [statement]...?

They are [proven false], with the [audio recording] and the [transcription] that I made.

Unfortunately, the people that I rattled off, they don't care about that.

They don't care that my mother committed- [knowingly made false statements] in order to have me [arrested].

[Do you wanna know why they don't care]...?  
Is because, uh- this is how the [system] is [designed].

2	MCCS	00:01:59	If they had to care about [every bit] of [evidence] that [proves someone's innocence]...? Then that means they would have to [work harder].
---	------	----------	---

[They don't wanna work that hard].  
They wanna do the [bare minimum], and that's why they're saying that I'm [incompetent] to

[stand trial]. That's what I think about judge [Joe Fedora]. Or, [Fodera].

Is that uh- [I'm not incompetent to stand trial], what I think is that [someone is committing obstruction of justice].

And I think that it's [the judge].  
In addition to [Michael Depresso].  
(In addition to [Andrew C. Blumenberg])

In addition to the [(2) doctors] that the [judge] sent me to go see.

- 3      MCCS   00:02:41   Now, suppose that I'm [wrong], and they're NOT committing [obstruction of justice], why is it that [every single time] that I [bring up] the [existence] of the [audio recording], and how my [constitutional rights] were, uh- [violated]...?

[During] the [arrest]...?  
And [afterward]...?

Why does the [judge] continue to uh- like, uh- [in each court transcription], uh- he's made it [very clear to me] that he [doesn't] want to [hear anything] about the [case]...?

Because, ya know, like uh- [he's made it very clear to me] that the- the details of the case DON'T have to be [discussed] at the [courtroom]. (*where the microphone is recording*)

What [CAN] be [discussed], is the [punishments] that I'm gonna [undergo].

- 4      MCCS   00:03:29   Because that's what the ju- that's what the system [FEELS] like doing. It doesn't [FEEL] like [reviewing the audio recording]. It doesn't [FEEL] like uh- [charging my mother with perjury].

It doesn't [FEEL] like [upholding the law].  
It [FEELS] like [breaking the law], in order to [incriminate me], and to cause my [reputation] to be [tanked considerably]... because they- they only care about how things [LOOK].

They don't really give a shit about how things [are], unless it's really [obvious] for [OTHER PEOPLE].

So if I have an [audio recording] that s- that like, uh- very specifically uh- reveals that my [mother] made a number of [false statements] to [Sara Derusso], what'll happen is that [Joe Fedora] will send me to uh- [doctors], that will uh- [ignore] the [audio recording], which means that [they do this to other people as well].

- 5      MCCS   00:04:37   And they don't do this to [EVERYBODY], because I think it really does matter how someone [LOOKS]. What I mean by like, how someone [LOOKS] is their [appearance]. I think that people's [appearance], uh- directly, uh- is able to uh- [determine] whether or not like, [people give a shit].

[Someone's appearance].

[Facts don't matter], what [matters] is how people [APPEAR].  
So if someone's really [good looking], they're never gonna face the same level of uh- uh- [resistance] that I've been facing.

Do you wanna know why...?  
It's because when people [LOOK] at me, they don't like what they see.  
Nah, they don't like some dude, like me, who [looks] really stupid, but [isn't stupid]... when I [open my mouth] and I [talk], right...?

- 6      MCCS   00:05:04   So what happens, is uh- people that are [a lot less intelligent than me], they feel like, uh- [throwing their weight around], and that's [exactly] what's been happening at the [Town of Halfmoon].

So like, what I mean is this... like [Bruce Tanski] can go around and commit [bank fraud], and uh- submit [fraudulent] uh- [bank applications] and stuff...? (In tandem with former [Town of Halfmoon Supervisor], [Melinda Wormuth]...)

- 7      TXT   00:06:01   =====

Or, [Dwayne O. Coonradt] at [Computer Answers] can [sell stolen copies] of [software] to [customers] at the [company] that [I used to manage], and [generated the highest profit that store will ever see], back in [August 2017]. Here's a couple [videos] of me outperforming [Joe Fodera] and [Dwayne Coonradt]

at the [same exact time]...

[Spectrum Cable Modem Reset - <https://youtu.be/LfZW-s0BMow>]

[Observe and Report - <https://youtu.be/tPMwAM366go>]

And he'll continue to talk shit about me, while lying to customers about the stolen software he sold them.

8      MCCS   00:06:01 Are the [police] gonna do anything about that...?

Well, I dunno. But um- ya know, further to that point, what I'd like to say is uh- ya know, like uh- I have [thought] about this from like, literally [every angle], and uh- it's just gonna inve- it's just gonna require [too much of my time] to try to [fight it].

Right...?

Like, I have cond- I have uh- [very damning evidence], but, so long as they just [mismark me] and they just [ignore it]...?

Then, the [evidence doesn't matter].

9      MCCS   00:06:50 What [matters] is what they think.  
And [if what they think is wrong]...?

[Oh well], I have to [deal] with [that].  
[That's the way they see it].

So, like I said, [it doesn't matter what the facts are],  
what matters is how they [FEEL].

What matters is what they [PERCEIVE]...  
And if they [FEEL] like saying that the [evidence] that I have is not  
important...?

[Then, that's what they're gonna do].

[They've made that very clear to me], that that is what they [FEEL] like doing,  
so like if I go into the courtroom, and like I uh- [vent my frustrations] with the  
judge, about how I think that maybe HE'S the one that's [incompetent] to  
[stand trial], or to [PROVIDE] a trial...

10     MCCS   00:07:33 Well, then I'm gonna be- I'm gonna be [sent to jail], for [contempt]. Right...?

So, if I do [ANYTHING] that [upsets the judge], like if I [LOOK] at the [judge] the  
[wrong way]... that's gonna be, that's gonna be [contempt] right there.

So, [it doesn't matter what the facts are], what matters is, some dude  
that's in charge, uh- he can just [do whatever the hell he wants to].

So [if he looks pretty fuckin' ridiculous], like when uh- I uh- allow  
[other people] to [review] the [audio recording] and the [transcription],  
and then like, at some point...?

Like, someone [WILL] be able to [read the transcription] [line by line],  
and then they'll be able to [read the court transcriptions] with uh- me  
being at the [Halfmoon Town Court], and then like, maybe I AM [delusional]  
to think that someone's ever gonna give a shit about like, [reading all of  
those transcriptions].

11     MCCS   00:08:31 And being able to [determine] that like, ya know, [all of my predictions]  
about the [court process] at the [Town of Halfmoon] have come to pass...

Well, I think what it really all comes down to is, like... [who gives a shit]...?  
Right...?

So, like, they wanna [determine] that like, I'm not gonna be a- that  
[I'm not gonna hurt anybody], right...?

(^ They're [forcing me] to be a [pacifist] that just [rolls over],  
and [allows them] to [have their fucking way]. Nah, [I don't fuckin' think so].)

So what they want- they want me to [say something] along the lines of like uh-

so like, [if someone attacks me], I'm just supposed to [take that]...?

And then they're gonna say:

[Them]: Yes, [you are supposed to take that].

You're [not] supposed to like, [defend yourself].

12    MCCS   00:09:16   That is like, how these people have been [thinking] and [reacting].

[It's NOT ok to defend yourself].

[It's not ok to tell the truth]...

[It's not ok to like, provide evidence to the courtroom]...

[All of these things are gonna sound really fuckin' stupid] to like,  
[anybody] who like uh- [believes] that they have [rights] and stuff...?

But, [these are the things that've been happening to me] at the  
[Town of Halfmoon] court, since [June 28th, 2022].

[06/29/2022 | SCSO + NYSP being sneaky | <https://youtu.be/W0SZ9Iby3VY>]

There was no uh- waarrant out for my arrest. There was no uh- [reading me my miranda rights].

13    TXT    00:09:50   =====

The [body camera footage] proves that [Cameron Missenis] showed up with his [little penis], and  
[Sergeant "Scarface Dickbreath" Bosco] were [told] about the [audio recording that I uploaded], which...

That [audio recording] provides a [totally different version of events], as well as my [testimony],  
but they [chose] to [be pretty gay] and [arrested] me [after] I told them about the [recording  
(which proves my innocence)] being on my [Google Drive] account.

That's the part where I think that [Joe Fodera] is making a [conscious choice] to be pretty fuckin'  
ignorant by having this court ordered [730 Hearing], which may as well be called "*Eliminating a  
defendants powerful defense*".

[That's what the "730 Hearing" is, in <this> particular instance].

14    MCCS   00:09:50   What they did was like, every bit of [violation of the law], that I  
have uh- been taught, or uh- understood. Like, all these years.

And all of the people that I have like, rattled all these details off  
to, they either [don't give a shit], or they're [indifferent] to it.

Or, they're [glad] that I'm [experiencing] all of this [shit].  
Right...?

So like, I'm jumping into like, the concept of uh- trying to [manipulate]  
[some] people that [ARE] gonna listen to this, into like, into thinking  
about [what could they do]...?

15    MCCS   00:10:27   Uhm- so if I have to like, be [completely honest] and not be like [reverse psychology]  
about it, or uh- like, [sarcastic] or [facetious]...

Well, I'd like to [file an appeal] against [Joe Fedora] or [Fodera].

And uh- the [action] that he's gonna take, to like, have me go to- to  
undergo a [(72) hour evalutation], or [observation], right...?

Because I'd like to [appeal] the uh- the [(2) doctors] that I went and saw,  
their decision.

[04/05/22 | Dr. Reilly | <https://drive.google.com/file/d/1aNBW3iBKJ9SkdfnCel2aTp5oHCXtnqu>]

A conversation that I recorded speaking to [Dr. Reilly] from [Saratoga County Mental Health]  
about a year before the last appearance I had with [Joe Fodera] on [04/05/2023].

It's interesting, right...?

I continue to make these [multiple statements] about how some people at [Saratoga County]  
are fuckin' morons... and [they do absolutely nothing to change their behaviors].

Essentially what that is, is me, telling some dude name [Dr. Reilly], that I intend to file a fucking lawsuit against [Saratoga County].

Much in the same manner to how the people at [Saratoga Hospital] act, uh- the dude doesn't seem to be all that convinced nor really worried about a god damn thing. Why...? Uh- because apparently you need to have [money] to file a [successful lawsuit].

Not only are [they are aware of this], but- [they like to exploit it], too.

They know that [someone] can have [thousands] of [very convincing exhibits], but so long as they [act really retarded] in [unison]...? [None of those exhibits matter].

[This conversation] is the [typical conversation] that [mental health professionals] tend to have with me, where I never once had [schizophrenia] for the first (36) years of my life, but oh my god...

Shockingly, [once I started my company] and started [doing research] into [national security programs], and [corruption in the government] and [everywhere else] [breaking laws], and [committing crimes], and [lying to people] unimpeded...?

Oh, NOW I [must] have [schizophrenia]. Yeah.

That's the [actual thought process] of this [stupid cunt] at [Saratoga County Mental Health], [Dr. Gurbek].

I just apparently masked it incredibly fucking well that whole time.

Or, [some people are fucking stupid], and they [deserve] to be [shot to death] by a [deranged lunatic] like [Stephen Paddock]. (Though, to be clear, I don't want that to happen.)

When I talk to them about the AUDIO RECORDINGS that I've recorded...?

It's strange, this useless cunt [Dr. Gurbek] asked me if I [recorded] the [conversation] that I had with [her] and [Dr. Glosman], and when I said "No.", that's when they made the decision to [do something fucking stupid].

If it's a [COURT] that's [recording the audio]...?

That's [literally important], and it is [top of the line], [most official].

If it's an [INDIVIDUAL] that's [recording the audio]...?

That's [literally fucking stupid], and it's [practically illegal to do].

That is the attitude that [Dr. Gurbek] had when she asked me if I recorded the conversation that I had with her and [Dr. Glosman] on [02/23/2023 1300].

[That's what mental health professionals do].

Sometimes.

At least when they're [far less skilled] than [Samuel Bastian], who works at [that fucking clinic], and gave me an evaluation in the past.

I WAS scheduled to see HIM and some other doctor, but the cool thing is that [the people at the court] and [the people at the clinic]...  
...[they play games with people].

What do I mean...?

Well, at the court interaction on [01/18/22] with [George Conway], the judge made a [sly joke] where he poked fun at [George Conway].

Basically, [George Conway] said "*I'm gonna need a mental health evaluation.*" He was saying that in respect to [me], "*needing*" the "*evaluation*".

And then the judge, with a stupid fuckin' look on his face, he's like:

[Fodera]: Oh I thought you meant YOU needed a mental health evaluation~!

And then [everybody in the courtroom laughed] in a similar manner to how sitcoms would force the audience to laugh at something fuckin' stupid, and this process is called '*canned laughter*'.

It's called '*canned laughter*' because it's literally [fake laughter] that is [recorded] and [saved for later].

They were calling for my [mental health evaluation], and then the judge jokingly applied the need for a mental health evaluation at [George Conway]...

It was meant to be a light-hearted, jokey McFuntime at court...

being [cool guy 5000 Fodera], wearin' his fuckin' sunglasses indoors.

Sounds stupid, right...?  
Yeh, that's cause it is.

But I have news for ya, everything about this whole court interaction has been a bit of a fuckin' joke.  
Same goes with the [arrest].  
Same goes with the bullshit [730 hearing].  
Same goes with the [treatment] I've been getting from people in the community,  
particularly [Joe Cannistracci], [Neil Golub] and [Michael Philipsak].

Yeah, all of these things are more fuckin' stupid than that dumbass joke [Joe Fodera]  
made about [George Conway] needing a [mental health evaluation].

Oh, by the way, when the judge cracked that joke, [George Conway] looked at the order, and then he said  
to the judge:  
[Conway]: Hey, you filled this out [incorrectly]...

Then that's when [Joe Fodera] had to use the [white out strip], and then [write] the [correct date] on the form.

By the way, the form that [Joe Fodera] filled out and gave me was the [incorrect form]. Yeah.

It's almost like [they can all do everything wrong], over and over again, [make stupid fucking jokes],  
[ignore evidence], and just [treat me however they fucking feel like], and [they get paid to do this].

That's what I call ["incompetence"].

[Joe Fodera] wrote the order on the [incorrect fucking form] after he joked about [George Conway]  
needing the evaluation.

That's what the woman at [Saratoga County Mental Health] said to me when I rode my bike up there  
from [Halfmoon] to schedule the appointment, on [Friday 01/20/23].

I know that's the [correct date], because when I went there, the woman said:

[SCMH]: Hey, they filled out the wrong form...

[Me] : Oh yeh...?

[SCMH]: Yeh, we don't do these a lot.

Anyway, I contacted the court, apparently they left for the day.

They're gonna get back to me with the [correct form].

[Me] : \*checks watch\* It's only like [2 o'clock]...?

[SCMH]: Oh I know, trust me.

They probably do not work very hard at the court.

If [Bruce Tanski] can get away with [bank fraud]...?

Then, I dunno dude.

Maybe that's why they just leave before [2 o'clock].

We'll wait to hear back from them.

Your [lawyer] will be in touch with you.

[Me] : Ok.

Then I left...

Then, I contacted them on [01/25/23], and apparently the same woman I spoke to in person, she was able  
to get on the phone and told me:

[SCMH]: Yeah, so, we've gotten in touch with the court.

Don't you worry about it, [everything] is [being hashed out].

When the [appointment] is [scheduled], your lawyer will let you know.

Take care.

And then, my lawyer did NOT get in touch with me...

And then I called [George Conway], from [5184068569] at [Market 32] in [Shoppers World Plaza] on  
[02/01/2023 1358] and left him a [voicemail]...

And then I waited until [02/10/23] to call [George Conway] again...

And then he said that [I missed my appointment].

Shucks.

He stated that I [must've] gotten an [email] that had the [appointment time].

I can't remember if he said that he got my [voicemail] that I left at [02/01/2023 1358]...

But he [definitely] said that I [should've] gotten the email that had the [appointment time].  
Except... nah.

This is not the first time that the [public defenders office] has [miscommunicated] with me.  
It has actually become a ["pattern"].  
And, I'm not blaming [George Conway], I'm blaming the supervisor, [Andrew C. Blumenberg].

I used this thing called "*the same fucking [Google] account that I uploaded the audio recording that I recorded on [06/28/22] of my mother and I having the altercation that proves my innocence*" to access my "email"...

And what I found after using this other thing called the "search box"...  
...was that [at no point whatsoever], did [anybody] from the [public defenders office] make [any attempt] to [inform me] of the [appointment].

This is after [Saratoga County Mental Health] told me on [(2) separate occasions] that [the lawyer would be in touch with me].

Nah, I'm pretty sure that they [dropped the (ball/call/my email address)]. Yet again.

Further to that point, [Samuel Bastian], the guy that I met with BEFORE, who evaluated me for about [(3) hours], he was assigned to the appointment that neither [Saratoga County Mental Health], nor [Saratoga County Public Defenders] office made a single effort to inform me about...

...because I didn't have any [voicemails] or [emails] about the [appointment].

[This is a running theme with the court system] as well as various "experts" or "professionals" that I have to constantly put up with.

I'm using "air quotes" because sometimes people have a job to do, and they're fucking lousy at it.

[Did someone fail to do their job correctly]...?  
[Yes]...?  
Oh, ok.

[Who pays the consequences for that]...?  
[Not them]...?  
[Someone else]...?  
Oh, ok.

So, that's effectively a form of [tyranny] and [oppression] right there.

[That's probably why mass shootings are pretty common in the United States], believe it or not.

In many cases, these "mistakes" aren't "mistakes"... it's called [corruption].  
And, it's fucking [rampant].

=====

17    MCCS   00:10:58   Right, I'd like, to have the [opportunity], to [show the evidence] to [another courtroom], and uh- you know, like uh- what'll happen is this...

Right, if I- if I invest a lot of [energy] into doing that...?

What'll happen is that, like, [some people], they get to [ride around] on their uh- [reputation]. They get to [rest on their laurels].

So, uhm- [a lot of people will find my story hard to believe], even though like, I have [evidence] of it...

And then, like, what'll happen is uh- ya know, anybody that [does] believe me, they're gonna like, [make up excuses for the whole entire process].

So like, in the [beginning] and the [end], like, it's fucking- it's [futile]. It's [futile], because like, [nobody gives a shit].

And the reason [nobody gives a shit], is because, I dunno.

18    MCCS   00:12:00   I think that uh- like, this [whole process] over the [last few years], has like, [taught me some valuable lessons]. Cause like, [the truth doesn't matter], what matters is [how good looking you are], and [how much money you make]...  
...and that's it.

Ya know...?

[It doesn't matter what you do], in order to [make] the [amount of money] that you [make], what [matters] more than whether that's [wrong] or [bad], is [how much of it you have at any given time].

(^ Look at [Richard Sackler])

So like, uhm, ya know, like [that is the reality], but- ya know when I [say] it like that, some people will [continue] to [argue with me], but you know, like, uh- another way that I can like, [prove that this is true], is because- with uh-

[Actions speaking louder than words].  
So like, [actions speaking louder than words].  
[Actions] being like, I continue to [say] what the hell is [happening] to me, and like, [people like my mother]...?

[They're fuckin' stupid]...?

And, uh- [they don't give a shit].  
They're [indifferent].

And then like, I tell them like, how it really is...?  
And my own god damn mother, who like uh- ya know, [lied to the police] in order to [have me arrested]...? On [June 28th, 2022]...?

[The police are gonna protect her].  
Do you wanna know [WHY] they're gonna protect her...?

Because [some of the police are fuckin' stupid], that's why.

19    MCCS   00:13:25   And then, it's not just the [police], [some of the police] that are fuckin' stupid, it's also like, some of the [court officials] that are fuckin' stupid too.

And it's also some of the [doctors] that are out there that are fuckin' stupid...?  
And it's also some of the [lawyers] out there that are fuckin' stupid...?

[There's a lot of people that are fuckin' stupid].

20    MCCS   00:13:43   And, uh- ya know, the reason why I'm in the [position] that I'm in, is because [my father was murdered when I was 10 years old], and [my mother] was a [terrible mother].

She was [not very involved] in raising me...?

Uh, my aunt [Cindy] was [a lot more involved] in [raising me] than [my own mother].

And that's sayin' a lot because like, I like, saw my aunt [Cindy] like, every weekend.

Well, maybe not EVERY weekend, but- my- my mother was very minimally involved in raising me...

AND... like, ya know, like, uh- she has never been involved in like any of the work that I've done, right...? And then when I won the fuckin' like, my uh- portfolio writing award at uh- [Schenectady County Community College] when I graduated from uh- uh, [Capital Region Boces].

21    MCCS   00:14:31   Right, my mother was so surprised, that like I won an award for my writing portfolio, she's like:

[Mom]: Wow~!

Why would YOU win a [writing portfolio]...?

And then I would say:  
[Me] : I dunno, maybe my writing's good.

And my mother, like, she can't read anything that I write, so she just- she's like:  
[Mom]: Well, that's cool...

Right...?

That's it.

And it's like, she's [not involved] in [anything] that I fuckin' have [ever done].  
[It's always been that way].

Like...

22    MCCS   00:15:03 I am like, trying to [ridicule] my [mother] to the [worst degree possible], because [she sorta put me in this fuckin' position here]. And she's, she's done a lot to [write off all my accomplishments].

She doesn't give a shit about anything that I'm able to- that I've ever been able to do...?

And the [court system] and [a lot of people in society], like, [they know] that [my mother] has done the [bare minimum], and they enjoy taking, uh- advantage of the opportunity that they've allowed her to have...

Basically, me [being at a disadvantage].

Like, uh- being [disadvantaged] by like, [not having a caring mother].

23    MCCS   00:15:40 [Society] is like, uh- [taking advantage of me] because of [that]. [Everybody in society does this].

Even [family members] are doing this.  
Right...?

[I could be wrong about this to some degree]...?  
But- as long as I say it [very boldly] and [loudly], right...?

Like, [at some point], some people are gonna [see the sense] in like, uh- the number of things that I've [said], and like how uh- all the things that I recorded back in (2020) until now...?

Like, it [painted this picture] that like, our country...?  
[Has a lot of fuckin'- stupid people in it].

24    MCCS   00:16:18 And, uh- ya know, whether it's like a [robot drone/bird] that I recorded in an [audio recording], or [multiple]...? Or, maybe it IS a [mockingbird].

What I can say with [god damn certainty], is that [not a single god damn person] has had a fuckin' [discussion] about [that-] those [audio recordings] that I [recorded] at length, right...? *(only [arguments] from [morons] who [don't listen] to it, but still, they'll [insist] that their [argument] is [correct].)*

Because they're [making an assumption] that I'm fuckin' [stupid], and that like, the things that I [recorded]...? They're [nonsense].

25    MCCS   00:16:47 Right...?  
[And these are the things that cause me to think violent thoughts].  
About people.

It's like, well... you know, uh- there probably is something MORE to what I recorded, than it JUST being a fucking bird...? But- sometimes people they PROVE that they're really fuckin' stupid when uh- they uh- they try to [argue] with [someone like me].

When I make a much more [valiant effort] to [sound more educated] and like, [more well thought out] than [most people]...?

But- [people will still argue with me]...

And the [reason] they do it, is because like, they think that- eh, the [better looking] you are, the be- the [more important] of a [person] you are.

Or, the [more money] you [make], the [more important] of a [person] you are.

26    MCCS   00:17:33 I mean, that's- that's the [beginning] and the [end] of it.

Like, when it comes to [intelligence], p- [some people are pretty stupid], and they think that that's a [matter of opinion].

And uh- they don't have the [ability] to [pull their heads out of their asshole], to like, experience like, the [definition] of the [word].

Like, [intelligence].  
It's when, you can [compare things], and you can [accurately determine] the

[difference] between [one thing] and [another].

So, a lot of people...?

They didn't get to be [rich] because they're [intelligent]...  
They got to be [pretty rich] because of [who] they [know].  
And [that's it].

27    MCCS   00:18:09 And there's [a lot of people in our society] that are like [that].  
They got to where they are because of [WHO] they are, not because of [WHAT]  
they know.

Because what they know, it- it's not like, [difficult], to know what they know...  
...in terms of [a lot of people in society], I'm not sayin' that [everybody] is  
like that.

Right...?  
These are [reasons] why I don't like, try to have a [conversation] with [people],  
like really anymore.

Because like, uh- I dunno. Heh.

Because like, people fuckin' argue with me.  
[CONSTANTLY].

Ya know...?  
It seems like uh-

28    MCCS   00:18:53 I have a [better relationship] with this fuckin' uh- dude that shows up at the  
library, he just like sits next to me, where- where like I sit...?

And, uh- he- he's like:  
[Fred]: Hey, how's it goin'...?

I'm like:  
[Me] : Hey, how's it goin'...?

And then, like, [we don't talk to each other all that much].

But like, ya know, like, we have a [mutual understanding] where like, ya know,  
uh- sometimes I'll be like:  
[Me]: Hey, sorry I didn't say hello when you showed up the other day.

He's like:  
[Fred]: Nah nah nah, it's fine.  
I don't care.  
Ah- it's- ya know...?  
It's whatever.

Right...?  
And like, having like uh- a relationship with uh- somebody that fuckin'  
like doesn't like to talk to people...

29    MCCS   00:19:33 Uh- uh- all that- all that mu- well...  
I don't wanna say-

He probably does talk with people, and he does enjoy talking with people,  
but like- the [very bare minimum], is that like, ya know [he's not gonna bother me].

And I like that.

Because most people in society, they're pr- [fucking pretty annoying].

And like, when I say that [most people in society are pretty fuckin' annoying],  
what I mean is like, a lot of people believe in uh- the [cliches], or like uh-  
the [way] that like, [society] is ["supposed to be"].

30    MCCS   00:20:03 The way that [society] is ["SUPPOSED to be"].  
You're ["supposed"] to have a [job]...?  
You're ["supposed"] to like, [pay your bills]...  
You're ["supposed"] to like, [not argue with the bills] that you're [supposed to pay]...  
  
So [if you get screwed over and scammed]...?

[Oh well].

[That's what you're supposed to do], to [take part of society].

So like, if fuckin' uh- [Spectrum] and [Verizon] have a- a [monopoly] in the town of [Clifton Park], right...? And then like, if I go around like, saying that for a while...?

And like, I explain what the [monopoly] [IS]...?

Some people who are really stupid, they'll assume that like, I'm [psychotic].

For thinking that like, [Verizon] and [Spectrum] have like a working relationship, where like, [Spectrum] can corner the market, and they could like be the only broadband provider in the town of [Clifton Park], and then like, what'll happen is that ALL the people in [Clifton Park], that think that like, I'm crazy...

Like, uh, [they're payin' a lot of money for their internet]...  
And their [internet provider] is [stomping on the fucking speed and quality], and the [spread of information] in the area.

31    MCCS   00:21:17 Meanwhile, fuckin' [Verizon] is making a lot more money off of the lines.  
So like, that's what I mean by like, people are just really fuckin' stupid...  
And like, ya know...?

[I'm the one that's incompetent to stand trial].  
And like, my mother...?  
She can lie to the [State Police] to have me arrested...  
Like she did on [June 28th, 2022]...?

And nobody's gonna do a god damn thing about it~!

Do you wanna know why...?  
It's because people like [Dr. Grosman], er- [Dr. Glosman] and [Dr. Gurbek]  
are fuckin' stupid, too.

Yeah.

32    MCCS   00:21:55 Nah, it's like, at some point, some people are gonna hear like, my rhetoric,  
right...? And they're gonna realize that like, I have a lot of strong points,  
and [I'm not fuckin' stupid].

Right...?  
Oh.

Maybe like, uh- by making these [audio recordings], I'm like, making it pretty clear,  
that uh- [I think that some people are fuckin' stupid], and [I'm not one of em].

Right...?  
Do I think [everybody] is [stupid]...?  
No...?

But- like, [I judge people] based on their [actions].  
Much less their [words].

So like, if I go to the court, and I say to the judge:  
[Me]: [You're committing obstruction of justice] by like, having me go to these  
fuckin' quacks that you sent me to... to prevent the [audio recording] from  
making it into the courtroom.  
Right...?

And he's gonna say something along the lines of like:  
[Fodera]: I would never do that~!

And like, "*Well, [actions speak louder than words].*"

And then like, he'll be like:  
[Fodera]: Oh- well, now that's basically [contempt] right there,  
you're sayin' that [actions speak louder than words]...?  
You're tryin' to [speak up] for your fuckin' [constitutional rights]...?  
Nah nah nah, that's [contempt].  
You're gettin' [(20) days in jail], just like judge [Paul Pelagalli]  
sentenced you to...

33     MCCS   00:22:56 For like, you know, [indicating], for [indicating] that like, the [court order] that [HE wrote], was [IMPOSSIBLE to follow].

That's what judge [Paul Pelagalli] ordered me to fuckin' [(20) days] in the county jail for.  
Right...?

And then like [Lisa Menten]...?  
Like, she submitted the fuckin' like uh- [Facebook] post that I wrote, like, to the courtroom to get me in trouble.

Do you wanna know why she did that...? It's because she's a fuckin' cunt.

Yeah. So like, it's not just my [mother], it's also [Lisa Menten], it's also her daughter, right...?

It's also like [a bunch of other people] that are [fuckin' stupid].  
Right...?  
Right.

[I'm not incompetent to stand trial at all], and I [predict] that there will be some "unexpected" condition, or "curveball" thrown my way when I go to the [(72) hour observation] period.

For instance, they may probably keep me [involuntarily] until I start taking a [specific medicine] that they're going to [try] and [force] me to take. If I don't take it, they may just hold me [indefinitely]...

Or, they may even [instigate me] to [attack them] as a [measure of self-defense].  
Some may say that I'm being [ridiculous] to [predict] something like that, but- they're literally ignoring the [audio recording] of [my mother] and I having the altercation on [June 28<sup>th</sup>, 2022].

[Some people are pretty stupid], like many of the people who think exactly like [Dr. Gurbek], where in order to [fix] a [flat tire], you have to [replace the entire vehicle].

Whether it is [fixing] a fucking [flat tire], or [reviewing] the [audio recording] linked multiple times below...? That is just [too much fucking work] for people who are really [highly respected morons].

They REALLY care about how things [look], so if I continue to make them [look] really fucking stupid...? ...they're [not] gonna stand for that.

The best case that I can make is this:

If the [audio recording] featured at this hyperlink...

If [any] of these versions of the [original audio recording] that I uploaded BEFORE my mother made her statement on [06/28/2022] could be used against me...? Then, I'd have [already plead to the charges].  
Like, I'm getting really fucking cocky about it.

I'm [openly allowing] the [prosecution] to [use it against me], if they want to [pursue the statement that my mother made]. But- I can tell you that doing so would be [pretty fucking moronic of them to do].  
Mainly because the [content] of that [audio recording] [contradicts] the [statement that my mother made], which [resulted in my arrest].

However, uh- [I accused my mother of conspiring to murder my father], and my mother just kept trying to walk away from me. It's not the FIRST TIME that I've accused my mother of doing this, based on her BODY LANGUAGE and the way that she TALKS to me.

Like, check this shit out.

<https://github.com/mcc85s/FightingEntropy/blob/main/Records/SCSO-2020-053053/readme.md>

That's basically your [standard-issue loadout], of a [call for service] courtesy of the [Saratoga County Sheriffs Office], printed by [SCSO Larissa Niptak] on [09/04/2020], and then, the records request had to sit around for about (3-4) days, until [SCSO Tammy Teal] swung in like friggen [Tarzan], and [stamped] and [signed] this sumbitch.

Yeah, in that interaction, [Mark Sheehan] and I were getting along, it was the third time I'd seen the dude.

I had seen him on [06/13/2020] for the first time... he is the guy who brought me to [Saratoga Hospital] for the FIRST time, because my [very retarded, mentally handicapped, ignorant] neighbor [Bill Moak] attempted to [beat me to death on my property] with his [baseball bat], and then he [lied] to [Mark Sheehan] and the other officers when [I called (911)] and they showed up.

Anyway, I saw [Mark Sheehan] <again> on like [06/19/2020], and contradictory to what [Michael Whiteacre] wrote on the interaction for [SCSO-2020-003688], uh- [Mark Sheehan] is the one who handed me back the thumbdrive that day.

As for my mother, I've written numerous times since this event took place about what fuckin' happened... And a certain list of people just casually ignore it.

The reason that a [certain list of people] just casually ignore it, is because [they're fuckin' stupid]. Talking to my mother about [certain subjects], [tiptoeing around] the [concept] of [talking about my father], and the [series] of [extremely coincidental things] that I've observed, in relation to [my business], and [his death] in (1995).

Like, check out this coincidental thing...

[https://github.com/mcc85s/FightingEntropy/blob/main/Docs/2021\\_0414-\(Jesse%20Pickett\).pdf](https://github.com/mcc85s/FightingEntropy/blob/main/Docs/2021_0414-(Jesse%20Pickett).pdf)

What that is right there, is a "clue" that I kept trying to talk to my mother about, as well as [Paul Zurlo], [Anthony Agresta], and [Cameron Missenis], waaaaaaaay back on [07/14/2020], in this record...

<https://github.com/mcc85s/FightingEntropy/blob/main/Records/SCSO-2020-040845/readme.md>

Yeah, so, whether that document is a "coincidence" or a "clue" or not...?

It says "785-3221 [Jesse Pickett]" in my fucking dead father's handwriting, from (1989).

[Jesse Pickett] happens to me the brother of my former employer [Daniel Pickett], from the [Nfrastructure Corporation], where I worked in (2010-2011).

My [dead father] wasn't around to tell me:

[Dad]: Oh yeh, I knew those guys back in the day...

[Me]: Oh yeah...?

[Dad]: Yeah man, that's why I wrote the dude's [name] and [phone number] on the back of that doctor appointment card.

[Me]: Was he like a [friend] of yours, or what...?

[Dad]: Couldn't really tell ya dude, cause [I'm fuckin' dead].

Been dead for a really long time, too.

Maybe your [dumbass bitch mother] might know. Ask her.

[Me]: Ehhh... I dunno dad.

The reason why I keep bringing it up, is because I noticed many other coincidental things just as peculiar as that. And my mother is just [a dumb bitch], and that's the end of it.

It's like this.

IF THEY COULD USE THOSE AUDIO RECORDINGS [AGAINST ME], THEN [WHY AREN'T THEY ALREADY DOING THAT]...?

Well, it's because [the court knows that the police who arrested me fucked up], and they're trying to [sweep the entire situation under the rug] because I'm [(1) guy] making [dozens of people look incompetent].

<https://github.com/mcc85s/FightingEntropy/blob/main/Docs/20230412/readme.md>

I would've already worked out a [plea deal] with the [prosecutor] and whatnot.

The case would already be [over].

The only reason that they are doing all of this shit, is to make it [appear] as if they did a [swell job].

[It is literally one of the dumbest fuckin' things that has ever happened to me].

That's the great thing about the [mental health] industry, is that they can take away any recourse that a person has. So, lets say that they try to force me to take some [bullshit medication]...

If they do it [enough times], then they can [force me] to [take it] or even [inject me with an IM shot] like they did on [03/01/2022] in the paddock at [Saratoga Hospital] when I kept telling [SCSO Daniel Nelson] and [SCSO Paul Pecor] that they're a couple of [dumb motherfuckers].

They needed about (8) security guards to get that done. Wanna know why...?

Because they were actually fucking [afraid of me], and they had [every reason to be], because they brought me to the hospital [against my will] after my [cunt mother] had an argument with me on [03/01/2022] about my [equipment] being [attacked] by [cyberattacks] that I [caught on fucking video], to which I told the fucking morons [SCSO Paul Pecor], [SCSO Daniel Nelson], and [SCSO Paul Pecor] in [this fucking audio recording that I recorded]...

[03/01/2022 | Pecor, Nelson, Margan | <https://drive.google.com/file/d/1BNfF9vWjG4vBIO-8oXmIw6aLeNvFRjRL>]

Ya know...?

Wanna know why I have so many of these links to [resources], [pictures], [documents], [recordings], and [evidence]...? It's because I'm an [expert at collecting relevant shit that supports my case]. It wasn't my intention when I started my [DIGITAL SECURITY] company...?

However, I realize that [DIGITAL SECURITY] deals with the concept of eliminating lying sacks of shit from the equation, because a [program] and a [computer processor] are [far more trustworthy than any person].

When certain people hear the words "building a program that combats identity theft and cybercrime", uh- people that are [really lazy] and [really important], they'll [scoff] at the idea, because they can't even stop something like that...

Wanna know why...?

It's because sometimes they're [involved] in the [cybercrime] or [identity theft], or just general, all-around, [maximum laziness factor], [ripping people off], and [stealing their money] without ever telling the victims that is what they do, literally every single time they clock in to do what they call "work".

Take a good long fucking look at the [F-35 Lighting].

You would have to be [pretty fucking stupid], to think that it's merely [coincidental] that [all (50) states] made parts for this fucking plane. The reason being, the [F-35 Lighting] allowed each state to guzzle a lot of the [national defense budget], where somebody somewhere has the right to spend (1400) dollars on (32) dollar parts, and the [citizens] that [detect] this shit, who [do something about it], such as myself...?

We're [misabeled] by some lazy fucks like [Dr. Gurbek], or [Joe Fodera].

Cause some dipshit that was making a lot of profit off of the (1400) parts, they paid the [doctor] and the [judge] to: 1) [shut the fuck up], and 2) [do what they're told].

That's not [justice], that's [BDSM]. That's why [lady justice] wears the [blindfold] over her eyes, because she's getting' a big fuckin' dick right between the cheeks.

That's why it's important to remember that [writing documents] is better than [grabbing firearms] and [shooting stupid people to death]. And, these are the things that I stated to this stupid bitch, [Dr. Gurbek] on [02/23/23 1300] at [135 South Broadway, Saratoga Springs, NY 12866].

So, suppose they try to [force me] to take a [medication] that [supposedly] treats a [disorder] that they claim I MUST have, since they came to that [conclusion] in (10) total minutes... and then when I tell them to take that pill and shove it up their ass about (5000) times...?

They then get another (8) security guards to inject the shit.

[I expect something like that to happen], since [it's happened before]...

Why has it happened before...?

Because I collect things like [evidence], and I make certain to [put it somewhere where other people can see it].

So, if they do decide to [force me] to take some [bullshit medicine], and then I lash out in [self-defense], since it's a [natural human instinct] to [attack somebody] that happens to be a [threat]...?

Well, when I say that I [attacked them] in [self-defense], they'll ignore THAT too...

Let's say that doesn't happen at all, and the people just want me to start taking the medicine.

I'm gonna say "Go fuck yourself" every single time they try to get me to take it, wanna know why...?

It's been \*checks watch\* a grand total of about (10) months, and I've had no incidents since then where people have had to drag me to a hospital because they feel like ignoring the fucking evidence I have of cyberattacks.

That's what happened both previous times I went to [Saratoga Hospital].

...to be seen by [Richard Todd "Needledick" Loeber].

I realize that some people will likely get upset if I insult a lazy dipshit like him, and call him "Needledick".

But- apparently that's what the nurses call him around the [Mental Health Unit] at [Saratoga Hospital].

Primarily [Susan McDermott].

I actually asked them, and that's when [Susan McDermott] and I had a conversation that went like this...

[Me] : So, why do they call him "Needledick", or why do YOU call him "Needledick"...?

[McDermott]: Well, [Michael]...

The truth is, some of the girls used to ask him why he's not an [anesthesiologist]...

[Me] : Uh- why would some of the girls ask him why he's not an [anesthesiologist]...?

[McDermott]: Well, they kept saying that it's because his prick is so small, that you won't feel a thing.  
[Me] : Oh, wow.  
I mean... that's a [million dollar question] right there...  
Is the man's dick so small you don't feel a thing...?  
[McDermott]: \*shakes head\* Eh- I mean...  
It certainly is quite a small little bastard...  
[Me] : Oh really, well...  
How would you know something like that...?  
[McDermott]: Well, because he and I...  
...you know.  
Let's put it this way, it just makes more sense to call him...  
\*glances in both directions to make sure nobody's in sight\*  
\*puts the back of her hand against her mouth\*  
\*whispers\* "Needledick"  
[Me] : Why are you whispering "Needledick"...?  
[McDermott]: \*puts index finger over her mouth\*  
Shhhhhhh~!  
I don't want him to find out that I keep callin' him that.  
Don't say that again, alright...?  
[Me] : Yeah, well...  
I guess you live and learn, right...?  
[McDermott]: \*nodding\* Yup.  
That's right, [Michael].  
You live and learn.

Now, I can stand to say that [Susan McDermott] and I never had that conversation.  
But, we [practically almost did] have this [exact verbatim conversation], with the [way] that she [kept lying to me]  
[every single time] that [she] and [I] spoke between [03/01/2022] and [03/15/2022].

She prescribed me medications for [Adavan] and then only gave me the [copy] of the prescription at discharge.  
Which means that [I didn't need to be on any of the fuckin' medications] that theses fuckin dipshits were  
attempting to force me to take. And I was able to contact [Stephen Connors], the attorney who wanted to represent  
the hospital and obtain an [order to show cause] for me to take about (12) different medications that I never  
needed to take at any fucking point in my life... and told him about the existence of the [audio recording].

Basically, a [mental health unit] is [exactly like a jail].  
You do not have to [commit] a [crime] to wind up in either a [hospital], [ward], [jail] or [prison]...  
...you can just be [falsely accused] of a [crime] you didn't commit...  
...even if you have [evidence] that [proves your innocence].

That's the power of the [justice system]. [Some] of the people in it...? [They're pretty fuckin' stupid]...  
and [they're not alone].

Suppose I turn down all of the medicine just like I did both times at [Saratoga Hospital] (06/2020 and 03/2022),  
well, they may force me to take it with [bullshit orders] from a [judge], and then when I'm [permanently branded]  
as having a condition they felt it was best to diagnose me with...?

Then I'll be left with no choice but to have to apply for [DSS] and [get assistance from the state].  
Because [from that point forward], I'll have to [walk around] with a [diagnosis] that [isn't accurate], and  
that'll prevent me from being able to [succeed with my business], nor to [make good on my education] and  
[investments into the programming]...

Effectively what this allows is for someone who has a lot of money to have their way, whether it's legal or illegal  
it doesn't matter to them. They have the power to make this happen no matter whether I have a defense or not.

They would prefer to do [all of these fucking things], rather than to [review the audio recording] that [proves my  
innocence], because... [that's how fuckin' stupid these people are].

They will do this [mainly because], as long as they get someone as [intelligent as me] to be [labeled/mislabeled],  
that's all that matters to them, because it causes society to ignore literally every god damn thing that I say, which  
isn't much different than what's currently happening, except... people are listening to me and what I say.

[That's why the resistance is as fucking strong as it is].
